

AMERICAN SOCIETY OF GROUP PSYCHOTHERAPY AND PSYCHODRAMA

Welcome to the ASGPP Website

On behalf of the Executive Council and membership of the American Society of Group Psychotherapy and Psychodrama, we welcome you to our website. We invite you to explore the ASGPP website. Get to know who we are: our membership, conferences, committees, resources, and Journal.

Psychodrama was originated by Jacob L. Moreno (1889-1974) as a way of working with our stories to heal the past, live more fully in the present, and envision the future. It has been effectively utilized in a variety of therapeutic settings to treat addiction, trauma, depression, anxiety, and many of the problems that clients bring into therapy. It has also been found to be useful in business, coaching, education, law, spirituality centers and many other settings.

ASGPP is the professional membership association for psychodramatists and those who love psychodrama in the USA. The American Board of Examiners in Psychodrama, Sociometry and Group Psychotherapy is the credentialing board for psychodramatists and their website is www.psychodramacertification.org.

We are delighted that your journey has brought you to this website. If you find yourself asking questions or wanting to know more, please don't hesitate to email or call our office. We are eager to get to know you.

Thank you for visiting us!
